My dear Sir

I thank you
much for your
favor of Oct 21-
I received on my arrival
in New York the enclosed
for Curpet which I secured
yesterday
I valued much - I have
found thereby that my chest
stay in America
is very when awakening in
future that something should
be done to regulate Forest
Operations but that there
are big land pay little
appears to be known of
fruit Trees in Germany and the
and Germany

application made for the
Forest reserves of Can
tonmental Control and
Supervision
especially and Introduction
of the Study of Forest Science in the
and Forest Laws in the
Rest that should pull
in America may be willing
to undertake the publication
as they ought and
British Columbia that I
can help to have the in-
formation utilized
I shall take it kind
should any special pub:
lications come under
your notice containing
information regarding
the forests of America or
elsewhere with it let me know
of the subject in which
